To whom it may concern:

Since April 2014 ep & partners consultancy ltd, (EPPC) has been leasing our staff members to our company in the position of engineers and administration staff. During this period we have found EPPC service to be very professional and their thorough knowledge of labor code and tax legislation has been an invaluable help to our company. EPPC has been very flexible in accepting and satisfying our request and they have quickly responded to our request even after standard working hours.

We have found a very reliable local partner in EPPC and would highly recommend it to any local or international company who needs staff leasing services.
